"To you, Sons of Confederate Veterans, we submit the vindication of the Cause for which we fought; to your strength will be given the defense of the Confederate soldier's good name, the guardianship of his history, the emulation of his virtues, the perpetuation of those principles he loved and which made him glorious and which you also cherish. ## **What is the SCV ?**

*The Sons of Confederate Veterans, in furtherance of the Charge of Lieutenant General Stephen D. Lee, shall be strictly patriotic, historical, educational, fraternal, benevolent, non-political, non-racial and non-sectarian. The Sons of Confederate Veterans neither embraces, nor espouses acts or ideologies of racial and religious bigotry, and further, condemns the misuse of its sacred symbols and flags in the conduct of the same. Each member is expected to perform his full duty as a citizen according to his own conscience and understanding. The citizen-soldiers who fought for the Confederacy personified the best qualities of America. The preservation of liberty and freedom was the motivating factor in the South's decision to fight the Second American Revolution. The tenacity with which Confederate soldiers fought underscored their belief in the rights guaranteed by the Constitution. These attributes are the underpinning of our democratic society and represent the foundation on which this nation was built. Today, the Sons of Confederate Veterans is preserving the history and legacy of these heroes so that future generations can understand the motives that animated the Southern Cause.*

*Dear Compatriots,*

*I have finally gotten into the groove with my new High School schedule. I am now full throttle. I even thought about canceling the newsletter but after hearing about General Lee's monument in Charlottesville being melted down I have never felt so energized to go full throttle. More events in the future and I hope to see everyone at the Christmas Social and the Street Fair.*

## What's Next?

*Charlottesville, VA Melts Down Monument*

---

*Earlier today after years of waiting they did the unthinkable. The statue that Antifa, Neo-Nazis gathered at in Charlottesville that was removed. Was melted BUT before melting they cut Gen Lee's head in half before melting! This is another example of how far our enemies will go to erase our heritage. We are not silent and the cries of our ancestors will be heard!*
