What is the SCV?

The Sons of Confederate Veterans, in furtherance of the Charge of Lieutenant General Stephen D. Lee, shall be strictly patriotic, historical, educational, fraternal, benevolent, non-political, non-racial and non-sectarian. The Sons of Confederate Veterans neither embraces, nor espouses acts or ideologies of racial and religious bigotry, and further, condemns the misuse of its sacred symbols and flags in the conduct of the same. Each member is expected to perform his full duty as a citizen according to his own conscience and understanding. The citizen-soldiers who fought for the Confederacy personified the best qualities of America. The preservation of liberty and freedom was the motivating factor in the South's decision to fight the Second American Revolution. The tenacity with which Confederate soldiers fought underscored their belief in the rights guaranteed by the Constitution. These attributes are the underpinning of our democratic society and represent the foundation on which this nation was built. Today, the Sons of Confederate Veterans is preserving the history and legacy of these heroes so that future generations can understand the motives that animated the Southern Cause.
